

The diagram shows a hierarchical software structure. At the top is a light green rectangular block labeled 'User Interface Module'. Below it is a light red rectangular block labeled 'Audio Driver Module'. In the center of the red block is a blue, star-shaped block labeled 'DSP code'. The blue block has a notch at the top and pointed ends on the left and right, fitting into the red block. The green block has a small downward-pointing triangle at its base, fitting into the notch of the blue block. All blocks are outlined in dark blue.
